11 INTEL CORPORATION, a Delaware
corporation,

12 Plaintiff,

13 vs.

14 LAND FEASIBILITY, LLC, a Delaware
limited liability company,

15 Defendant.

CV 09 Case No.

2294 MEJ

16 COMPLAINT FOR DAMAGES AND
INJUNCTIVE RELIEF

17 DEMAND FOR JURY TRIAL

18
19 Plaintiff Intel Corporation ("Intel") alleges as follows:

20 1. This action arises from unauthorized use of the trade name and trademark LANDINTEL
21 by defendant Land Feasibility, LLC ("Land Feasibility").

22 2. By using a trade name and trademark that wholly incorporate and emphasize the world
23 famous INTEL® trademark, Land Feasibility has caused and is likely to continue to cause confusion
24 that Intel is the source or sponsor of Land Feasibility's services, or that there is an association between
25 Intel and Land Feasibility. In addition, Land Feasibility's acts are causing, and/or are likely to cause,
26 dilution of the INTEL® trademark. Consequently, Intel seeks injunctive relief and damages under the
27 federal Lanham Act (15 U.S.C. §§ 1051, *et seq.*), the California Business and Professions Code, and
28 the common law doctrines of passing off and unfair competition.

1 **I. JURISDICTION**

2 3. This Court has personal jurisdiction over Land Feasibility because, on information and
3 belief, it conducts or has conducted business, as well as advertises its products and services, in the
4 State of California and within this judicial district, and the effects of those acts have been felt in this
5 district.

6 4. This Court has jurisdiction over this matter pursuant to 15 U.S.C. § 1121 and 28 U.S.C.
7 §§ 1331, 1338 and 1367. Intel's claims are, in part, based on violations of the Lanham Act, as
8 amended, 15 U.S.C. §§ 1051, *et seq.* The Court has jurisdiction over the state law claims pursuant to
9 28 U.S.C. §§ 1338(b) and 1367.

10 **II. INTRADISTRICT ASSIGNMENT**

11 5. This is an intellectual property action and therefore shall be assigned on a district-wide
12 basis per Civil L.R. 3-2(c).

13 **III. THE PARTIES**

14 6. Plaintiff Intel is a Delaware corporation having its principal place of business at 2200
15 Mission College Boulevard, Santa Clara, California. Intel offers a wide variety of goods and services,
16 which are sold worldwide and throughout the United States, including in the Northern District of
17 California.

18 7. Upon information and belief, Defendant Land Feasibility is a Delaware limited liability
19 company having its principal place of business at 107 Centennial Street, Suite 106, La Plata, Maryland.
20 Land Feasibility markets and sells land feasibility studies, land reports, and other data summary
21 services under the trade name and trademark LANDINTEL. Land Feasibility promotes its goods and
22 services on the World Wide Web at the address <http://www.landintel.com>. Upon information and
23 belief, Land Feasibility targets consumers nationwide over its website, including consumers in
24 California, and has consumers in this state. Furthermore, Land Feasibility's website states that it offers
25 its goods and services "on a nationwide scale."

1 **IV. INTEL'S BUSINESS AND MARKS**

2 8. Intel is a world-famous company that develops, manufactures and sells a wide variety of
3 computer, communications and Internet-related products and services. Intel's customers include
4 individual consumers, businesses, schools, and the government.

5 9. For 40 years, Intel has used INTEL as a trade name, trademark and service mark to
6 identify virtually its entire line of products and services. INTEL is one of the most valuable, respected
7 and famous names and trademarks in the world. Indeed, in 2008, the INTEL brand was ranked seventh
8 in the world in Interbrand's Best Global Brands survey, with an estimated value of over \$31 billion.

9 10. The real estate industry is one of the many industries in which Intel has had success.
10 For example, Intel offers the Mobile Reference Model, which is a reference application that permits a
11 real estate agent to work in a single, unified data space from the agent's desktop PC, laptop, and PDA,
12 both online and off. Moreover, Intel has also for some time owned and managed commercial real
13 estate across the United States. Intel has substantial real estate holdings and is actively involved in the
14 purchase, development and management of its commercial real estate, and is an active community
15 member where it maintains facilities and fabrication plants. For its own account and through its
16 subsidiary, Intel Leasing Corporation, Intel has collected substantial amounts in rent from the
17 commercial properties it owns and manages.

18 11. Intel uses INTEL as its "house mark" on or in connection with virtually every product
19 and service it sells. In 2008 alone, Intel sold over \$37.5 billion of INTEL branded products and
20 services and, in the last thirteen years, Intel has sold over \$376 billion of products and services under

 18 U.S.C. § 1111. A copy of this registration is attached hereto as Exhibit V.

19 13. In addition to using INTEL as a trade name, a trademark, and a service mark, Intel also
 20 owns a large family of marks that incorporate INTEL as a prominent component of the mark. For
 21 example, in 1991, Intel developed and launched a cooperative advertising and licensing program
 22 referred to as the “Intel Inside® Program.” As part of this program, Intel licensed the INTEL mark to
 23 PC manufacturers to communicate to the end customer that the manufacturers’ products, such as
 24 personal desktop computers, laptop computers and workstations, were designed with genuine Intel
 25 microprocessors. Among Intel’s many thousands of OEM (“Original Equipment Manufacturers”)
 26 licensees worldwide are giants of the computer industry such as Dell, Gateway, Hewlett-Packard,
 27 IBM, and Sony. Intel’s OEM licensees have undoubtedly sold many billions of dollars worth of
 28 computer products bearing the INTEL marks. The combined advertising expenditure by Intel and

1 Intel's licensees under the INTEL mark has averaged over one billion dollars for each of the last few
 2 years. Through extensive advertising and promotion by Intel and its licensees, advertisements
 3 reflecting the INTEL mark have most likely created billions of impressions.

4 14. Intel is the owner of numerous U.S. trademark registrations for the INTEL INSIDE
 5 mark, including Reg. No. 1,705,796 and Reg. No. 2,179,209. Copies of these registrations are attached
 6 hereto as Exhibits W and X.

7 15. Intel owns many other U.S. trademark registrations for its family of INTEL formative
 8 marks. These include: INTEL SPEEDSTEP, INTEL XSCALE, INTEL NETMERGE, INTEL
 9 NETBURST, INTEL NETSTRUCTURE, and INTEL CORE. Copies of these registrations are
 10 attached hereto as Exhibits Y through EE.

11 16. Intel is also the owner of several California trademark registrations for the mark INTEL
 12 (CA Reg. No. 63565; CA Reg. No. 94220; CA Reg. No. 94221). Copies of these registrations are
 13 attached hereto as Exhibits FF through GG.

14 17. Through its extensive use, Intel also owns common law trademark rights in INTEL and
 15 its family of INTEL formative marks, for all of the goods and services and activities identified herein.

16 18. Intel maintains an Internet site on the World Wide Web at the address
 17 <http://www.intel.com>. Intel has used its trade name and trademark as an Internet address in order to
 18 make it easy for customers to locate Intel's web site, and to identify that the web site is owned by Intel.
 19 Intel's web site features the INTEL marks and many other INTEL composite marks.

20 19. As a consequence of the extensive sales, advertising, promotion, and use of the INTEL
 21 and INTEL formative trademarks, Intel has developed enormous recognition for its products and
 22 services under the INTEL mark and has acquired and enjoys an immensely valuable reputation and
 23 tremendous goodwill under the mark. The INTEL mark is world renowned, and is a "famous" mark
 24 for purposes of 15 U.S.C. § 1125(c)(1).

25 **V. LAND FEASIBILITY'S BUSINESS AND TRADEMARK REGISTRATION**

26 20. Intel is informed and believes that Land Feasibility offers for sale land feasibility
 27 reports, land usage reports, and related data summary services. Intel is informed and believes that
 28 Land Feasibility offers and provides its services in the state of California.

1 21. The LANDINTEL trade name and trademark wholly incorporate and emphasize the
2 INTEL trademark, adding only the non-distinctive element “LAND,” a generic term when used for the
3 services offered by Land Feasibility. The dominant portion of the LANDINTEL name and mark is
4 INTEL, which is identical in sight and sound to the world famous INTEL trademark. Land Feasibility
5 is the recorded owner of U.S. Trademark Registration No. 3,532,163 for LANDINTEL for “land use
6 planning services; land surveying; mapping; conducting of feasibility studies.”

7 22. Despite Intel's numerous attempts to resolve the dispute amicably, Land Feasibility has
8 persisted in using the LANDINTEL trade name and trademark, leaving Intel no choice but to file this
9 Complaint.

**FIRST CAUSE OF ACTION
TRADEMARK INFRINGEMENT
(15 U.S.C. § 1114)**

13 23. Intel realleges and incorporates herein by reference the matters alleged in Paragraphs
14 1 through 22 of this Complaint.

15 24. Upon information and belief, Land Feasibility was aware of Intel's business and its
16 INTEL mark prior to the adoption and use of the LANDINTEL trade name and trademark.

17 25. Land Feasibility either had actual notice and knowledge, or had constructive notice, of
18 Intel's ownership and registrations of the INTEL mark pursuant to 15 U.S.C. § 1072 prior to Land
19 Feasibility's adoption and use of the LANDINTEL trade name and trademark.

20 26. Land Feasibility is using the LANDINTEL trade name and trademark in connection
21 with the sale of its products and services without consent, and with knowledge of Intel's rights.

22 27. Land Feasibility's unauthorized use of the LANDINTEL trade name and trademark
23 falsely indicates to consumers that Land Feasibility's products and services are in some manner
24 connected with, sponsored by, affiliated with, or related to Intel, Intel's licensees, or the goods and
25 services of Intel and Intel's licensees.

26 28. Land Feasibility's unauthorized use of the LANDINTEL trade name and trademark is
27 also likely to cause consumers to be confused as to the source, nature and quality of the products and
28 services Land Feasibility is promoting or selling.

1 29. Land Feasibility's unauthorized use of the LANDINTEL trade name and trademark in
2 connection with the sale of its products and services allows, and will continue to allow, Land
3 Feasibility to receive the benefit of the goodwill established at great labor and expense by Intel and to
4 gain acceptance of Land Feasibility's goods and services, not based on the merits of those goods or
5 services, but on Intel's reputation and goodwill.

6 30. Land Feasibility's unauthorized use of the LANDINTEL trade name and trademark in
7 connection with the sale of its goods and services deprives Intel of the ability to control the consumer
8 perception of the quality of the goods and services marketed under the INTEL mark, and places Intel's
9 valuable reputation and goodwill in the hands of Land Feasibility, over which Intel has no control.

10 31. Land Feasibility has caused confusion and is likely to cause further confusion, or to
11 cause mistake, or to deceive consumers or potential consumers in violation of 15 U.S.C. § 1114.

12 32. Intel has been, is now, and will be irreparably injured and damaged by Land
13 Feasibility's trademark infringement, and unless enjoined by the Court, Intel will suffer further harm to
14 its name, reputation and goodwill. This harm constitutes an injury for which Intel has no adequate
15 remedy at law.

**SECOND CAUSE OF ACTION
FALSE DESIGNATION OF ORIGIN
(15 U.S.C. § 1125(A))**

19 33. Intel realleges and incorporates herein by reference the matters alleged in Paragraphs
20 1 through 32 of this Complaint.

21 34. Land Feasibility's unauthorized use of the LANDINTEL trade name and trademark
22 falsely suggests that its products and services are connected with, sponsored by, affiliated with, or
23 related to Intel, and constitutes a false designation of origin in violation of 15 U.S.C. § 1125(a).

24 35. Intel has been, is now, and will be irreparably injured and damaged by Land
25 Feasibility's aforementioned acts, and unless enjoined by the Court, Intel will suffer further harm to its
26 name, reputation and goodwill. This harm constitutes an injury for which Intel has no adequate
27 remedy at law.

**THIRD CAUSE OF ACTION
FEDERAL TRADEMARK DILUTION
(15 U.S.C. § 1125(C))**

36. Intel realleges and incorporates herein by reference the matters alleged in paragraphs 1 through 35 of this Complaint.

37. The INTEL mark is world-renowned. It is a famous mark that is widely recognized by consumers, businesses and industry, and that identifies the products and services of Intel in the minds of consumers.

38. Land Feasibility's unauthorized use of the LANDINTEL trade name and trademark began after Intel's mark had become famous.

39. Land Feasibility's unauthorized use of the LANDINTEL trade name and trademark has, and will continue to have, an adverse effect upon the value and distinctive quality of the INTEL mark. Land Feasibility's acts blur and whittle away at the distinctiveness and identity-evoking quality of the INTEL mark. Land Feasibility's acts have diluted and are likely to continue diluting the famous INTEL mark in violation of 15 U.S.C. § 1125(c).

40. Intel has been, is now, and will be irreparably injured and damaged by Land Feasibility's aforementioned acts, and unless enjoined by the Court, Intel will suffer further harm to its name, reputation and goodwill. This harm constitutes an injury for which Intel has no adequate remedy at law.

**FOURTH CAUSE OF ACTION
INJURY TO BUSINESS REPUTATION AND
DILUTION UNDER CALIFORNIA LAW
(CAL. BUS. & PROF. CODE §14247)**

41. Intel realleges and incorporates herein by reference the matters alleged in paragraphs 1 through 40 of this Complaint.

42. Land Feasibility's unauthorized use of the LANDINTEL trade name and trademark is likely to injure Intel's business reputation, and has diluted, and/or is likely to dilute, the distinctive quality of the INTEL mark and trade name in violation of the California Business and Professions Code §14247.

43. Land Feasibility willfully intended to trade on Intel's image and reputation and to dilute the INTEL trademark, acted with reason to know, or was willfully blind as to the consequences of its actions.

44. Land Feasibility's wrongful acts have caused and will continue to cause Intel irreparable harm. Intel has no adequate remedy at law for Land Feasibility's dilution.

45. Intel is therefore entitled to a judgment enjoining and restraining Land Feasibility from engaging in further acts of dilution pursuant to California Business and Professions Code § 14247.

**FIFTH CAUSE OF ACTION
INFRINGEMENT UNDER CALIFORNIA LAW
(CAL. BUS. & PROF. CODE § 14245)**

46. Intel realleges and incorporates herein by reference the matters alleged in Paragraphs 1 through 45 of this Complaint.

47. Land Feasibility's unauthorized use of the LANDINTEL trade name and trademark in connection with the sale, offering for sale, distribution or advertising of its products and services is likely to cause confusion or mistake or to deceive as to the source or origin of its goods and/or services in violation of California Business and Professions Code § 14245.

48. Upon information and belief, Land Feasibility's infringement has been with knowledge of Intel's rights.

49. Intel has been, is now, and will be irreparably injured and damaged by Land Feasibility's aforementioned acts, and unless enjoined by the Court, Intel will suffer further harm to its name, reputation and goodwill. This harm constitutes an injury for which Intel has no adequate remedy at law.

**SIXTH CAUSE OF ACTION
COMMON LAW PASSING OFF
AND UNFAIR COMPETITION**

50. Intel realleges and incorporates herein by reference the matters alleged in paragraphs 1 through 49 of this Complaint.

51. Land Feasibility's unauthorized use of the LANDINTEL trade name and trademark constitutes passing off and unfair competition of the INTEL mark in violation of the common law of California.

52. Land Feasibility's wrongful acts have caused and will continue to cause Intel irreparable harm. Intel has no adequate remedy at law.

53. Intel is entitled to a judgment enjoining and restraining Land Feasibility from engaging in further acts of infringement and unfair competition.

**SEVENTH CAUSE OF ACTION
UNFAIR COMPETITION
(CAL. BUS & PROF. CODE § 17200)**

54. Intel realleges and incorporates herein by reference the matters alleged in Paragraphs 1 through 53 of this Complaint.

55. Land Feasibility's acts described above constitute unfair competition in violation of California Business and Professional Code § 17200 et seq., as they are likely to deceive the public.

56. Land Feasibility's acts of unfair competition have caused and will continue to cause Intel irreparable harm. Intel has no adequate remedy at law for Land Feasibility's unfair competition.

57. Intel is entitled to a judgment enjoining and restraining Land Feasibility from engaging in further unfair competition.
